### What is the KSO Sustaining Donor Initiative?

The KSO Sustaining Donor Initiative is a way to get every Lion involved in the KidSight Outreach program and its growth.

### Did you know?

If every Lion in MD-12 donated \$3 a month to support our KidSight Outreach vision screening program, the program could be funded solely by Tennessee Lions donations.

### Why should you join the KSO Sustaining Donor Initiative?

*"I want to thank you all from the bottom of my heart for providing this service. We had no idea at all our son needed glasses. When we went to the appointment I was just heartbroken when he couldn't read the letters on the wall. After he started wearing glasses his handwriting improved and so have his other fine motor skills. You have helped change his life and I am forever grateful. I think this program is more than wonderful, and it is such a blessing! The more people it can help the better!" -The mother of one of the more than 37,000 children referred by KidSight Outreach.*

KidSight Outreach changes lives. The average cost to screen a child is \$5.75. This is a small price to ensure that the children of Tennessee can begin their lives without a vision problem going unrecognized and untreated. Signing up is easy. Click the DONATE icon on our website and choose to make your donation a recurring monthly donation. If you'd rather make recurring annual donations by check, just indicate KSOSDI in the memo line.
